the Tennessee senator who led

the third ballot rolled up in

Stevenson 610 votes, with only

15 1/2 to nominate him, and at that

But I don't regard Stevenson's

nomination as merely "power polit-

ics." A national political party is

less a business organization than

any other assembly of men

granting would have to be saved

and women with important re-

sponsibilities and requiring mil-

lions of dollars to maintain. Any

political party with a reasonable

chance to win the presidency of

the United States is going to pick

that sound business judgment

tells it is the best all-around man

for the job.

That means eliminating the ex-

travagant and the opportunist. And

the Chicago convention did just

that.

Averell Harriman, multi-million-

aire railroad bar, had the backing

of New York radicals. He got no-

where at all.

Estes Kefauver had caught the

public fancy with his detective

stories written in the investigation

chambers of the United States Sen-

ate and sought to capitalize on

them through television and radio.

But the Chicago convention niled

this opportunist at the goal line.

Kefauver had as spectacular a

one-man campaign as anything in

our generation, but what happened

to him at Chicago merely confirmed

the well-known sports-page truth

that a great track star isn't neces-

sarily a great football player. And

a national political convention is

team-play from start to finish.

Stevenson may not be the

next President of the United

States, but he's certainly the

best. The Kefauver-Kellogg

lacking the Illinois governor's

proven administrative experience,

was out. His nomination outside

because of popular support outside

the convention would have put the

Democrats where the Republicans

were when the Willie forces

stamped them out—only to see the

party split in two in the Novem-

ber election.

In conclusion, I have to pay a

tribute to one man, S. S. Truman.

If you don't think our retiring

President is a master politician, I

advise you to review the news

paper file on this week's Demo-

cratic convention.

Truman made peace with the

Eastern and labor radicals by

saying many a nice word in behalf

of Averell Harriman and his

crete base and asphaltic concrete

pavement, two b r i d e s and re-

modelled Harriman.

And, having favored Harriman

the President took the position

that this was enough—he couldn't

be expected to be friendly to Ke-

fauger also; so he opposed Ke-

fauger openly despite the latter's

large public following.

This was the public record be-

fore the convention and up to the

hour of actual voting. But then

it developed that the President

had deeply played off the radicals

against the opportunists and mean-

while put the real party power

behind a middle-of-the-road man,

Stevenson of Illinois.

It was good maneuvering—as

good as this generation has ever

seen. Of course the Democratic

party had it to do. But the point

is, they did it.

Federal Money Set Aside for Secondary Road

LITTLE ROCK (AP)—The Arkansas Highway Commission yesterday learned that federal money set aside for secondary road programming would have to be saved for use by counties.

The information came in a new regulation announced by F. R. Oliver, Bureau of Public Roads representative. He said that one-half of the secondary road aid money sent to the state must be made available for the counties.

The Commission had previously allotted one-third of its secondary allotment for state counties.

Contracts for 14 state and three county road projects totaling \$1,270,000 were awarded yesterday.

The bids were rejected as too high, and a third was awarded conditionally.

A \$48,387 bid by the Southeast Construction Company of Pine Bluff for the relocation of a road leading to Arkansas Tech in Russellville was rejected. Also turned down was a bid of \$1,000 for a Pointe County job on the Market Three Northeast road.

The contract for construction of 6.2 miles of grading, drainage structures and crushed stone base course submitted by Roll Vaughan Company of North Little Rock was 10 per cent above the Highway Department estimate. The Commission authorized Department engineers to check its estimates.

The Commission added several highway projects to the program which it approved 1-1-1 spring, bringing the total to approximately \$2,600,000.

The projects include: Columbia County — 2 miles from Stephens to Mt. Holly on Highway 51.

Van Buren County — 35 miles from Clinton, west to the county line on Highway 10.

Hempstead County seven miles from Saratoga to McNab on Highway 137.

White County — nine miles from Judsonia to Providence on Highway 137.

State jobs awarded yesterday by the Commission, successful contractors and bid prices included: Union County — 6.1 miles of grading, drainage, and crushed stone base and asphaltic concrete pavement, two b r i d e s and remodelled Harriman.

El Dorado-North road, Highway 82 and 167, Ben M. Hogan Company Pine Bluff, \$402,763.

Faulkner County — 4 miles of crushed stone base and bituminous surface treatment on the junction of Highway 64-north road, Highway 38, Four Bros., \$3,885.

Greene County, 7.3 miles of grading, drainage structures, gravel

100 Strikers Idle Alumina Factory

BAUXITE, Ark. (AP)—Construction on the \$55 million Bauxite Alumina Works was all but stopped today by a strike of 100 AFL Engineers.

The strikers—members of the International Union of Operating Engineers—left their jobs yesterday morning in what was termed a jurisdictional dispute with AFL Electricians. Union officials could not be reached for comment.

Ralph E. Bechem, superintendent of construction for the Aluminum Ore Company, a subsidiary of the Aluminum Company of America, said a conference yesterday afternoon failed to heal the breach between the two unions.

Bechem said the dispute centered around an Engineers' protest against the installation of motors and starters by the Electricians.

More than 1,400 workers were idled by the strike, while another 325 stayed on the job.

It was the third strike against the construction job. Pipefitters struck for 10 days in January, and a unionization dispute between Roofers and Contractors halted construction for six days last February.

Hempstead Has Third Polio Victim of Year

A third victim of polio has been reported in Hempstead County, Ark. She is the mother of two children, and is the aunt of the second polio victim to be reported in the county.

U. S. Troops to Fight Any Die-hard Push

By ROBERT TUCKMAN

SEOUL, Korea (AP)—An American front line general today indicated his troops would make a dash at any Chinese who tried to drive to control two Korean Western Front hills, Old Baldy and T. Bone Hill.

Major Gen. James Clyde Fry, commander of the U. S. Second Division, said he could not let the Chinese win more ground on the two heights.

"You let him push you off one hill," Fry told newsmen, "and he pushes you off another. It may be the prelude to a very costly campaign."

He declared that "as a piece of ground" it was not worth the price but as "a matter of policy" it was.

"There's a limit to how far you can allow yourself to be pushed," he said. "If the hills are lost, it's a matter of policy to get them back."

U. S. artillery round to keep the Chinese from pushing forward. Communist return fire was light, but the Chinese held their ground.

The Chinese held the crest of Old Baldy, a mountain peak with a foothold on its southeast tip.

Second Division troops solidified their positions at the bottom of nearby T-Bone Hill after repulsing a Chinese battalion only yesterday with heavy Red losses.

Elsewhere, only three patrol skirmishes were reported.

The Communists threw 6,510 rounds of mortar and artillery at Allied positions across the front Friday, more than half of the Red shells hit U. S. Second Division positions.

The U. S. Fifth Air Force Headquarters said last night that the Communist fighters-bomber and interceptor sorties Saturday morning, although light bombers flew near the front, but did not enter the support of Allied ground troops.

Fifth Air Force Headquarters reported Saturday the loss of eight Allied planes during the week-end. Five were downed by Communist fighters, and three were lost to unknown causes.

P-51 Sabre jets spotted Communist MIGs on only two days during the week. Allied pilots reported three MIGs downed.

Democratic Nomination Winner

HELIOPOLIS, Lebanon (AP)—The Egyptian State today tonight in a broad east said King Farouk of Egypt had abdicated and left the country.

The king's abdication and departure had been requested by the Egyptian Army Commander in Chief, Gen. Mohammed Naguib.

Other reports said he was leaving Egypt in the royal yacht for Europe.

The broadest said he had abdicated in favor of his son, Crown Prince Ahmed Faud.

Cairo reports said Egyptian army troops surrounded Ras El Tin Palace in Alexandria this morning and Farouk had been given a 45-minute ultimatum to return to the Kasr el Khelbi Palace near Cairo's Helwan Helopolis was also surrounded by troops.

Premier Aly Maher, placed in power three days ago in the Egyptian coup led by Naguib, went to Ras El Tin Palace and remained in the palace until late last night. He was surrounded by a cordon around the king's summer residence.

Four engine air force bombers passed over Cairo at roof top level in the direction of Alexandria, the executives of the major steel producers signed the White House memorandum of agreement which called for a 10-day strike.

The meeting was attended by Naguib, Aly Maher, Minister of Justice Mohammed Rousthy Bey, Abdel Razwan El Rahmany Pasha, chairman of the state council, and vice chairman Suleiman El Hafez.

A regency council will be headed by 35-year-old Prince Mohamed Tudei Moneim, 2nd cousin of Farouk and third in line of succession to the throne.

Informants said the council will consist of three members, including the second in line of succession, Prince Mohammed Aly, also a cousin of Farouk.

Neither side, however, expected the impasse to continue long. Circumstances surrounding the emergency on both sides to restore production as soon as possible.

But industry officials said they were "amazed and disillusioned" at the unexpected development.

The fly in the ointment was not the critical dispute which set off the steel strike on June 2. It was, rather, a companion strike of 25,000 iron ore workers in Minnesota from the heart of the nation's biggest industry.

These ore workers, who are members of the steelworkers' union, walked off the job a few hours after the steelworkers struck. They demanded the same wage and other concessions asked by the steelworkers together with eliminating wage differentials between themselves and the steelworkers, whose pay rates are considerably higher.

Sparkman Gets The Word

CHICAGO (AP)—Sen. John S. Sparkman of Alabama said today that "word has come to me" that Adlai Stevenson wants him as his running mate for vice president.

He said that "I will accept" if the convention nominates him.

In a sort of swan song to the Democratic party as its leader, he offered to whistle-stop the country for his successor.

"We are going to win in 1952 the same way we won in 1948," he said. "I pledge you now that I am going to take my coat off and do everything I can to help him win."

The President talked over the campaign ahead with Jacob Arvey, Illinois national committeeman who was a power behind the Stevenson draft, Chicago's Mayor Martin Kenney, Senate Secretary Leslie E. Hill, Secretary of the Treasury John Snyder, Attorney General James McGrath and House Speaker Sam Rayburn.

After the nomination was assured, Stevenson arrived at a restaurant and he and Truman went to the convention.

After a tumultuous welcome, the President poured oil on the party.

The only trouble was," he said, "we had to pick one and leave the others out."

He went on:

"We are going out of here an inspired and fighting party, and I am proud to be with you. We are proud to win this election."

The speech was a combination of plans and ideas.

Arkansas Had Hand in the Final Push

CHICAGO (AP)—Arkansas had a hand in the final push for the Democratic nomination for governor today. The state's delegation of 12 members of the Democratic National Convention in Chicago, Ill., voted for the nomination of Gov. Adlai Stevenson.

Gov. Stevenson, who is running for a second term, was the only one of the candidates who had a hand in the final push. He was the only one who was in the main hall when the delegates voted for him.
